## "No-Cash Down" Sale of Standard Pianos and Player-Pianos

On the same low price-basis, and the identical generous terms that caused such a sensation in Burlington last year

Last year—after we had disposed of a surplus of Pianos and Player-Pianos from Hardman, Peck & Co., in the most talked-of sale ever held in Burlington—we leaned back and said: "Well, we can never do it again."

For even then the price of raw materials, such as wire, bushing cloth, ivory, veneers, everything, in fact, needed to make a piano—was beginning to soar skyward. To-day, after two years of war, they're simply out of sight.

Frankly, we had no idea that we could arrange a sale on terms or prices anywhere near as liberal as last year's.

But our very close connections with the Hardman, Peck concern—and the wonderful success of our sale last year—together with a most lucky (for you) condition in one of their factories, all combined to permit us to give you this wonderful chance again this year.

If you waited too long last year—or weren't able to purchase just at that time—here is your opportunity.

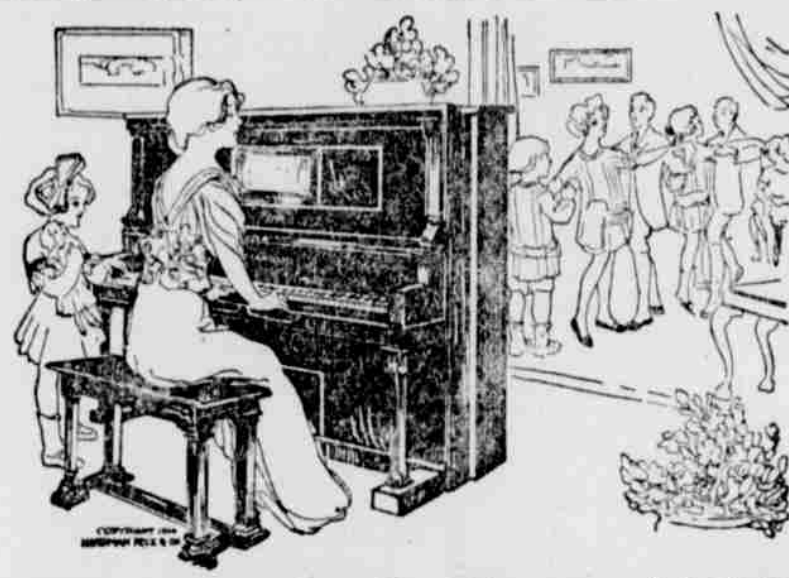

But you must grasp it immediately—this sale—like last year's—is for a limited period only.

This Standard Piano—\$269  
\$1.50 per week

No interest—no extras—Read plan below

Every instrument is guaranteed perfect—a brand new tested product of the famous Hardman, Peck & Co., makers of the world-famous Hardman Piano.

This Standard Player Piano—\$429  
\$2.50 per week

12 Music Rolls and Bench Included—Read Special Features Below

### Here Are the Eight Cardinal Features of this Extraordinary Sale

1—High quality—lower price—You get a Standard Piano, manufactured by the world famous house, Hardman, Peck & Co., guaranteed by them. This Piano sells regularly at \$325.00; during this sale the price is \$269.00, a first saving of \$56.00.

2—No interest charges—There are no interest charges, provided of course you make payments as agreed. This is an item of expense amounting to from \$25.00 to \$30.00 and often overlooked in an ordinary piano purchase.

3—Life insurance—All payments due are canceled and the piano is given to the family free from all encumbrances in case of death of the

purchaser, provided payments have been made as agreed.

4—A year's trial—Any time within one year you have the privilege of exchanging the piano if not satisfactory for any piano of equal or better grade. Full credit will be given for every cent you have paid.

5—Stool, velvet scarf and instruction book free—You will be given a stool, scarf and instruction book free; also, the piano will be delivered to your home without extra charges of any kind. With the player piano a bench and 12 rolls of music will be included.

6—Insured against fire—Your piano will be in-

sured against fire during the term of your contract. In case of loss it will be replaced without expense to you, and all money you have paid will be credited.

7—Easy payments—Payments have been made so small that you can meet them easily. \$1.50 per week, 3 1/4 years in which to pay on the piano. Also, you have the privilege of further reducing the cost by paying faster than you agree.

8—Guarantee—All features of this sale are covered by a written guarantee signed by the manufacturers and E. E. Clarkson & Co. There can be no misunderstandings or unfulfilled promises; you are fully protected.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapiesin comes in contact with the stomach all such distress vanishes. ## APPLES, ORANGES, FIGS AND PRUNES

Are The Four Fruits Used in Making "Fruit-a-tives"

"FRUIT-A-TIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. Thus, it is manifestly unfair to say, "I won't take Fruit-a-tives because I have tried other remedies and they did me no good". On the other hand, the fact that "Fruit-a-tives" is entirely different from any other preparation in the world, is just why you should give it a fair trial, in any trouble of the Stomach, Liver, Bowels, Kidneys or Skin. "Fruit-a-tives" is composed of the active principle of fruit and the greatest nerve tonic ever discovered. 50c. a box, 6 for \$2.50, trial size, 25c. ### Prepare This for a Bad Cough—It's Fine

Cheaply and Easily Made, but Does the Work Quickly.

The finest cough syrup that money can buy—costing only about one-fifth as much as ready-made preparations—can easily be made up at home. The way it takes hold and conquers distressing coughs, throat and chest colds will really make you enthusiastic about it. Any druggist can supply you with 2 1/2 ounces of Pinex (30 cents worth). Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Shake thoroughly and it is ready for use. The total cost is about 54 cents and gives you a full pint—a family supply—of a most effective, pleasant tasting remedy. It keeps perfectly.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the inflamed or swollen throat membranes, and gradually but surely the annoying throat tickle and dreaded cough will disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma. Pinex is a special and highly concentrated compound of genuine Norway pine extract, combined with guarana and is known the world over for its prompt healing effect on the throat membranes.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.
